2. (S/STD) Remote Viewer 003 described the target structure as a white stucco-like building with a "sloping, bumpy roof", located in the midst of heavy vegetation. There is a "hard-packed" road, reddish in color, found in flat, open, area in the vicinity of the target structure.

3. (S/STD) Remote Viewer 011 described the target personality as currently residing in a "room/apartment" situated in a small cafe. The cafe appears situated in a small village found next to a park. The village is adjacent to a major highway. The target personality often uses a bus, a light blue vehicle that resembles an old school bus to travel to and from his place of (temporary residence. An inside view of the cafe is at TAB A. At TAB B is an overview of the cafe and its immediate surroundings. And, at TAB C is an overview of the village where the cafe is located.

3. (S/STD) OPS COMMENTS: Viewers 003 and 011 described the SG1A current residence of [REDACTED] with a view towards determining if their descriptions correlate with the locations known as SG1A [REDACTED] and the [REDACTED] area. SG1A
